Submitting a report regarding the outbreak of Plague in Kollegowdanahalli Village, Heggadadevankote Taluk

DEWAN'S OFFICE
Recd. on SEP 27 1923
Reg. No. 2091

No.

Office of the Deputy Commissioner,
Mysore District,
Dated, Mysore, the 23rd September 23.

From

P. Ramaswamaiyr, Esq., M.A., B.L.,
Deputy Commissioner, Mysore District,
M y s o r e.

To

H. Matthan, Esq., B.L.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e.

Sir,

I have the honour to state that the Chief Sanitary Inspector reported in his No.51 dated the 12th September 23 that Plague was prevailing in the village of Kollegowdanahalli, Heggadadevankote -- Taluk, situated by the side of the road to Karapur, since the beginning of the last month, that the village had already been evacuated, though the infection had been carried to sheds, that the villagers were not willing to get themselves inoculated and that he had addressed the Sub Assistant Surgeon to treat the patients. The District Medical Officer was at once requested to arrange for inoculating the people and adopting all other remedial measures and his reply is awaited. The Amildar was directed to inspect the place at once and report in detail regarding the measures adopted together with the explanation of the Patel for the delay in reporting the - outbreak. The conduct of the patel will be duly noticed as soon as the Amildar's report is received. The above facts were also communicated to the Sanitary Commissioner.

2. It is now reported that the Panchamas among whom several -- deaths seem to have occurred, have removed their sheds, 50 in number, to the site close to the road on the ground that they could not get any other site. The Amildar has been directed to visit the

the place at once and see to the immediate removal of the Panchama sheds in question to some convenient site at a good distance from the road side and report the fact of having done so. He has been further instructed to see that all the instructions issued in G.O.No.G.21371-402/San.101-17-12 dated the 25th March 1919 are carried out in combating the disease. I am also visiting the place almost immediately and will see that the necessary measures to ensure safety are adopted.

I have the honour to be,

Sir,

Your most obedient servant,

A Ramaswamy

DEPUTY COMMISSIONER,

MYSORE DISTRICT.
